**GOD'S CREATION OF THE WORLD**  
Genesis 1:1-11  
**OUR** creation tells us that God is eternal. The universe will be a gift to all life. But in meaning is different from one use of time. On the first day of creation, light was made. Fish and other kinds of life in the ocean. Once the land, where animals and birds were separated from man beings could live from earth's soil some plants and giving humans vegetables from. Fish creation of sky and earth located the waters. The sky, an upside-down bowl, kept the waters in place. The rocks on the earth were made of molten rock. These provided nature for humans, plants and animal life. The sun provided favorable conditions for plants, animals and man. The moon and stars gave light at night. Once creation was complete on the sixth day, God created the first human being, Adam, and placed him in the Garden of Eden. He contemplated the wonder of the human being, an image of Himself whom He would love as only a good God can.
